This topographic map of Malcesine, Italy, illustrates emergency response infrastructure. The map features a detailed contour line topography and a network of roads, with regional roads highlighted in orange and municipal roads in green. A yellow line indicates the cableway axis, connecting several green square markers labeled 'V12'. Orange square markers with a black semi-circle represent galleries, primarily located along the shoreline of Lake Garda. The map also identifies key accessibility points: bus stations (orange square with a bus icon), helicopter landing areas (orange square with a helicopter icon), and ports (orange square with a ship icon). The map is bordered by the municipalities of Nago-Torbole, Brentonico, Avio, Brenzone, and Ferrara di Monte Baldo. The lake to the west is labeled 'LAGO DI GARDA (BRENACO)'. The map is part of the 'PIANO DI EMERGENZA COMUNALE' (Municipal Emergency Plan) for Malcesine, Verona, with a scale of 1:15,000 and a base cartographic source of the 'BASE CATASTALE CARTA TECNICA REGIONALE' (2014).
